## Made to Communicate

PromoClips are an individual, innovative and ideal solution for your corporate identity. The elegant dovetail shape, made from stainless steel, provides a strong, durable and multi-functional tool as a platform for your brand.

PromoClips are produced in a state-of-the-art in-house 'Green' pad printing machine, which uses all five green pad printing elements, reducing ink and cleaning solvents by 90%. Research shows that our clips are hardly ever disposed of – ensuring your logo is sending a lasting and powerful brand message to your customers and reinforcing your company's image internally among staff.

Our Clips range from the original PromoClip (the ultimate office accessory) to the XL Money Clip (providing that affordable business gift), offering you the essential economic solution to market your logo, services or gratitude.
